

# PHYSICIAN-SCIENTIST FACULTY POSITIONS THE ROCKEFELLER UNIVERSITY

In addition to applicants pursuing fundamental biomedical research, The Rockefeller University seeks outstanding physician-scientists to conduct programs in all areas of patient-based research. The NIH CTSA-supported Center for Clinical and Translational Science at the University's research hospital provides additional resources to complement other University support available for human subject's research conducted by our faculty members. Current areas of CTSA investigation include human genetics, hematopoiesis, cancer biology, vascular biology, thrombosis and hemostasis, dermatology, metabolic disease, infectious disease, digestive disease, immunology, physiology, and pharmacology. The University is a very diverse community and we strongly encourage applications from individuals from racial and ethnic groups that are underrepresented in biomedical science.

Visit **<http://www.rockefeller.edu/facultysearch>** to submit your application online and view further information about the positions. Select Mechanisms of Human Disease as your field of study on the application form.

**Application deadline is October 1, 2021.**
