

**FACULTY POSITION
EXPERIMENTAL BIOLOGICAL PHYSICS
UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN**

The Department of Physics invites applicants for a full-time tenured or tenure-track position in the area of experimental biological physics, with an emphasis in cellular or systems-level biophysics, complementing strengths in molecular biophysics. The start date is as early as August 16, 2012. A Ph.D., or equivalent, is required along with the ability to teach effectively at both undergraduate and graduate levels and to conduct a vigorous and significant program in an area of contemporary biological physics. The successful applicant will be joining a department with active programs in both experimental and theoretical biological physics.

Applicants should go online to: <https://jobs.illinois.edu> to complete and submit an application form. A curriculum vitae, a publication list, a summary of research interests and accomplishments, a statement of teaching interests and experience, and the names and addresses of four references should be submitted at that time. Applicants will be evaluated upon submission of materials. The closing date is December 1, 2010. Applications submitted after this date will be accepted but are not guaranteed full consideration. Salary will be competitive and commensurate with qualifications. Online applications are strongly preferred but applications by mail will be accepted (send care of Margie Gamel, Dept. of Physics, University of Illinois, Urbana-Champaign, 1110 W. Green St., Urbana, Illinois 61801-3080, U.S.A.).

Illinois is an Affirmative Action /Equal Opportunity Employer and welcomes individuals with diverse backgrounds, experiences, and ideas who embrace and value diversity and inclusivity. (www.inclusiveillinois.illinois.edu)
