

## **FACULTY POSITION**

### **Department of Chemistry University of North Carolina at Chapel Hill**

The Department of Chemistry at the University of North Carolina at Chapel Hill invites applications for an open rank faculty position in Soft Matter experiment and theory. Areas of interest include bio-inspired materials, polymers, colloids, gels, rheology, and scattering. All candidates will be evaluated commensurate with their seniority. The highest priority will be given to candidates with an established track record of external funding, interdisciplinary and collaborative research, and teaching at both the graduate and undergraduate levels. More junior candidates should demonstrate a clear potential for teaching and conducting cutting-edge research at the interface of Chemistry, Physics, Materials Science, and Biology.

Applications will only be accepted electronically. Applicants should submit a SINGLE PDF containing a cover letter, curriculum vita, research plan, and teaching statement to: <http://jobs.unc.edu/2501212>. Applicants should also arrange to have four pdf letters of recommendation sent electronically to [chemsearch@unc.edu](mailto:chemsearch@unc.edu) with a subject line Applied Sciences Search.

Review of applications will begin in January 2013, and will continue until the position is filled.

Questions should be directed to: Chair, Faculty Search Committee, Department of Chemistry, University of North Carolina at Chapel Hill, Chapel Hill, NC 27599-3290, [chemsearch@unc.edu](mailto:chemsearch@unc.edu).

***UNC is an EO/AA Employer, and strongly encourages applications from women and minorities.***
